**Valin Corporation Acquires Disco Associates, Expands Expertise in
Heat Trace and Precision Measurement**

San Jose, Calif. (August 2013)— Valin Corporation, a privately held, employee-owned company providing technical solutions for the technology, energy, life sciences, natural resources, and transportation industries, increases its expertise in the precision measurement industry by acquiring Disco Associates in Salt Lake City, Utah. By acquiring Disco Associates, Valin adds to its heat trace, precision measurement and pneumatics capabilities and increases its already vast portfolio of products and services.

“We’re very excited to announce our most recent acquisition, Disco Associates,” said Joseph Nettmeyer, President and CEO, Valin Corporation. “Disco’s expertise in the field of precision fluid measurement, heat trace and pneumatics will improve our ever growing catalog of products and services.”

Disco Associates provides system integration, engineering and design in all facets of the manufacturing process. With 38 years in the market, the company specializes in electrical controls, drive systems, robotic solutions, fluid power, level, pressure, temperature control, machine automation and plant floor information technology.

“Disco Associates is a wonderful fit for Valin,” continued Nettmeyer “Our values and way of doing business align very well, and they have reach into some markets that we don’t currently have a presence in.”

Valin represents leading suppliers in precision measurement technology. The company delivers a variety of precision measurement solutions to handle the most demanding requirements, providing consistent, reliable performance. For more information about Valin’s precision measurement solutions, please visit <http://www.valin.com/systems/precision-measurement>.
