

SEMICONDUCTOR SOLUTIONS

“Valin helped us redesign our motion control system, significantly reducing the number of different motor and cable part numbers. This reduced our overall system cost and greatly simplified maintenance for our customers.”

Jeff Gasparitsch

Senior Mechanical Engineer, Semiconductor Capital Equipment Manufacturer

SEMICONDUCTOR

Valin® Corporation is your total solution provider of process valves, instrumentation, filtration, heating, controls and automation products. We understand your industry and needs for improved time to market and achieving operational excellence. Our technical knowledge and market expertise, matched with our value-added service capabilities, makes us the comprehensive solution provider for the Semiconductor Industry.
