FOR IMMEDIATE RELEASE

Valin Corporation Acquires Burns Controls

Valin's motion control and automation portfolio continues its growth

San Jose, Calif. (July 1, 2025) — Valin Corporation, a leading provider of technical solutions for the technology, energy, life sciences, natural resources, and transportation industries has acquired Dallas, Texas based Burns Controls Company. Made effective on June 30, 2025, the acquisition further strengthens the already robust motion control and automation product portfolio for Valin.

"We are excited to welcome Burns Controls to our organization," said Anne Vranicic, President of Valin Corporation. "Their strong industry reputation and highly skilled technical team make them a great fit. We look forward to the opportunities this collaboration brings."

"I am incredibly proud of our employees who embody the top-level expertise and exemplary support for which our company is known. This acquisition is transformative for our team," said Pat Burns Jr., President of Burns Controls Co. "With Valin's enhanced resources and support, we can boost our ability to provide innovative solutions to our customers and enhance our legacy of providing unmatched service. We are excited to join the Valin team."

Established in 1971, Burns Controls has been providing Automation Technology and Controls for 50+ years and is recognized as a leading source for Electrical, Hydraulic and Pneumatic Products to many leading companies worldwide.
